Celebrating Outstanding Care in Oxfordshire

Oxfordshire Care Awards 2024 Inspiration for All!

About the Awards:

The purpose of the Awards is to recognise and celebrate individuals, organisations, and companies who have demonstrated outstanding excellence within the care sector in Oxfordshire.

The organisations involved are Action for Carers Oxfordshire, Age UK Oxfordshire and Oxfordshire Association of Care Providers (OACP). Working together in partnership is at the heart of these exciting Awards. These enhanced Awards are all-inclusive, bringing together statutory and independent care providers, the community and voluntary sector and unpaid carers.

To see updates please check the OACP website for more information. Visit: www.oacp.org.uk

The Categories:

The Newcomer to Care Award seeks to acknowledge and celebrate a new member of staff, who ideally commenced and remained in employment in the care sector within the previous 12 months, who has shown empathy and responsiveness and fully understands good practice.

The Care Home Worker Award seeks to recognise the significant role of the Care Home Worker in consistently providing high quality care for people living in residential care.

The Unpaid Carer Award recognises someone who gives their time, energy and skill to ensure that people have a better experience of care and support, and feel that they matter.

The Volunteer Award recognises someone whose commitment and longevity to voluntary work has contributed to and enhanced the wellbeing of the local community or has

made a difference to an individual/s quality of life.

The Care Team Award is presented to the team who are able to best demonstrate a shared vision and agreed goals. The team should have a leader whose role is known and accepted, and who takes personal responsibility for their tasks. Able to demonstrate a commitment to dignity and privacy for clients plus respect for team members.

The Long-Term Service Award aims to recognise the long-term service of an employee who has made an outstanding contribution to a care organisation (min. service period 10 years), who through their working life has passionately made a significant difference to the organisation.

The Frontline Leaders Award is given to someone who has shown clear commitment to improving the delivery of care and support within their team. A supervisor, senior care worker, team leader or registered manager. A person who has shown leadership by reflecting on what could be done better to support and bring about change.

The Inspiration Award is presented to an organisation or business (not a health or care agency) that inspires others with its high standards of care and compassion, such as a community group or business, shop or library, that goes out of its way to assist individuals who need extra support in their daily lives.

The Digital Social Care Hero Award this Award recognises a care provider or individual within a care company who has implemented the integration of digital technology bringing health and care closer together.

Josie's Award Josie Smith was a remarkable force for good in the lives of people around her, and especially in the lives of people who needed care and support; an unstoppable influence for the better! We want to celebrate an individual who in some way is making an exceptional difference to 'Dignity in Care'.

International Recruitment

Best Practice Employer Award

(Sponsored by SESCA, the South East Social Care Alliance). This award is to recognise an employer who has demonstrated best practice in international recruitment to support their business. To be eligible, a provider must have sponsored skilled workers since April 2022. These could be individuals who have come to England specifically to work for them, or 'in country' recruits who moved from another employer or transferred from a different type of visa. Providers may nominate themselves, or be nominated by an international recruit from within their workforce.
